Location: Tartu or home office  
Workload: full-time intern, 8-12 weeks during summer months  
Deadline: May 15th, 2020

Job brief

We are looking for an outstanding Back- and Front-end Developer to be responsible for the coding, building and design a website. Also, intern should be able to conduct a mobile application prototype. The ones, who will show their top skills and professional attitude and are motivated, will have a great opportunity to become full-time employee.

Web Developer Job Duties

Web developer responsibilities include building our website from concept all the way to completion from the bottom up, fashioning everything from the home page to site layout and function.

Responsibilities

- Write well designed, testable, efficient code
- Integrate data from various back-end services and databases
- Gather and refine specifications and requirements based on technical needs
- Be responsible for maintaining, expanding, and scaling our site
- Stay plugged into emerging technologies/industry trends and apply them into operations and activities
- Conduct a mobile application prototype

Requirements

- Top-notch programming skills and in-depth knowledge of modern HTML/CSS
- A solid understanding of how web applications work including security, session management, and best development practices
- Object Oriented Programming and web application development
- Hands-on experience with network diagnostics, network analytics tools
- Basic knowledge of Search Engine Optimization (SEO) process
- Ability to work and thrive in a fast-paced environment, learn rapidly and master diverse web technologies and techniques.

What else?

We are sure by the end of your awesome internship, you have gained a lot of new knowledge and skills in web development.

Send your CV and short introduction letter to us at info@pasportsunite.com!
