### Work with us

Swedbank is the bank for many people, households and businesses. As a leading bank in its home markets of Sweden, Estonia, Latvia and Lithuania, Swedbank offers a wide selection of financial services and products. We are looking for more employees who shares our values - open, simple and caring - and want to contribute to enabling people, businesses and society to grow. If you have ambition and share our attitude, you will find many challenges here. At Swedbank you have possibilities to grow. It is your drive and commitment that determines how you develop.

### About Group IT

Group IT is located in Sweden, Estonia, Latvia and Lithuania. We are 1400 employees responsible for running the bank, developing and maintaining business strategic and central systems in Swedbank.

All development is managed in projects and we deliver approximately 600 projects and pre-studies during a business year.

Through understanding and acting from the needs of our internal customers, we offer the group competitive IT-solutions which support new products and high level services to our clients.
